Statement Provide a statement of justification of term in office in 200 words or less.

I have been a proud resident of King City for the past thirteen years. During this time, our city has grown. This is exciting, as growth creates opportunities for our city to reflect the vibrant and diverse population that makes King City what it is. As a council, we have worked hard to represent the voices, desires and needs of our special community.

Unfortunately, a small group of people, mostly from outside of the city, are attempting to control the city government to satisfy their personal agendas by recalling nearly the entire city council. They are upset that planned improvements for the city do not match their personal desires.

I take my role as an elected official very seriously, and thoughtfully listen to citizens and respond to concerns. The plans your council has voted to approve have been developed over many years with input from residents, experts, local agencies and organizations, community leaders, and with multiple levels of oversight.

Recalling elected officials simply because personal agendas are not being satisfied is dangerous. Don't allow outside voices to influence the city Council's decisions on behalf of true residents of King City. Please vote NO and reject the extreme recall.

By signing this document I hereby certify that the information in the above statement of justification is true.
