BUDGET DETAIL

The fiscal year 2024-25 Washington County budget is detailed in three separate but inter-related documents which are all posted on our County website at: <https://www.washingtoncountyor.gov/finance/fy2024-25-county-budget-reports>

This first document, entitled **Budget Summary**, contains explanatory and summary information regarding the County budget as a whole as well as each individual organization/budget unit. The information focuses on key issues, policy decisions, underlying budget assumptions, and changes from the prior budget year.

The second document, entitled **Budget Detail Organization Unit**, contains line item information on revenues, expenditures, and personal services at the organization unit level. This information is intended to be used by staff throughout the fiscal year as well as to meet Oregon Local Budget Law Requirements. Revenue and expenditures by fund are also included in this document.

The third document, entitled **Budget Detail Program**, contains line item information on revenues and expenditures at the lowest level of the budget hierarchy – the program level – and is primarily intended for staff use throughout the year.
