**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
 AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
 OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
 WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
 Washington County, Oregon
 Hillsboro, Oregon

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Washington County, Oregon, (the County) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 18, 2021. Our report includes a reference to other auditors who audited the financial statements of Clean Water Services, a discretely presented component unit of the County, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2020-001, that we consider to be a significant deficiency.

INDEPENDENT AUDITOR'S REPORT (Continued)

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

COUNTY'S RESPONSE TO THE FINDING

The County's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
Washington County, Oregon
Hillsboro, Oregon

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

We have audited Washington County, Oregon's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2020. The County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

MANAGEMENT'S RESPONSIBILITY

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

OPINION ON EACH MAJOR FEDERAL PROGRAM

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

INDEPENDENT AUDITOR'S REPORT (Continued)

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as item 2020-002 that we consider to be a significant deficiency.

The County's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statement. We issued our report thereon dated March 18, 2021, which contained unmodified opinions on those financial statements. We did not audit the financial statements of Clean Water Services, a discretely presented component unit of the County, as described in our report on the County's financial statements. Those statements were audited by other auditors whose report has been furnished to us, and

our opinion, insofar as it relates to the amounts included for Clean Water Services, is based solely on the report of other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements as a whole.

WASHINGTON COUNTY, OREGON

Notes to Schedule of Expenditures of Federal Awards

Fiscal Year Ended June 30, 2020

General

The accompanying Schedule of Expenditures of Federal Awards (Schedule) presents the activity of all Federal assistance programs of Washington County, Oregon (County) and its component units. The County's reporting entity is defined in Note 1 to the County's basic financial statements. Financial assistance received directly from Federal agencies as well as financial assistance passed through others is included on the schedule.

Basis of Presentation

The Schedule includes the federal award activity of the County under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The County has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

HOME Program

The County's Office of Community Development makes loans to developers for the construction of low-income housing units. The seed money for these loans used to establish the program initially was provided through Federal funds under the HOME Program. The program's responsibility over these loans is to ensure that a specified percentage of the total rental units are rented to low-income individuals.

Section 8 Housing Choice Vouchers Program (CFDA 14.871)

The County interprets guidance such that for the Section 8 Housing Choice Vouchers Program, recognition on the Schedule of Expenditures of Federal Awards should reflect current year program revenue, specifically Section 8 Voucher dollars received, net of year-end adjustments.

SECTION II – FINANCIAL STATEMENT FINDING

Finding 2020-001

Criteria: The County has a responsibility for establishing and maintaining effective internal control over financial reporting.

Condition: Lack of sufficient review occurring over year end schedules, journal entries, and annual top side entries.

Cause: Appears to be related to insufficient review of year end schedules, journal entries, and annual top side entries.

Effect: Lack of following existing internal controls and ineffective review has the potential to cause significant misstatements in the financial statements. Adjustments were posted to the trial balance and top side entries as a result of audit procedures.

Recommendation: We recommend that the County provide training to employees to enable effective review and emphasize the importance of a strong control environment or provide additional resources to help ensure an effective review over financial reporting.

Views of Responsible Officials: The County understands and concurs with the finding.

SECTION III – FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

Finding 2020-002

Federal Program: CFDA 14.239 HOME Investment Partnerships Program

Federal Agency: U.S. Department of Housing and Urban Development

Award Year: 2019-2020

Criteria: Per CRF 200.303, the non-Federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.

Condition: Internal control over compliance requirement M. related to subrecipient monitoring was not evidenced.

Cause: The cause appears to be attributable to lack of training and awareness of appropriate review procedures.

Effect: A lack of effective internal controls over compliance for subrecipient monitoring may result in administrative errors and improper/missed HOME rental projects not being subjected to monitoring each year.

SECTION III - FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS (Continued)

Finding 2020-002 (Continued)

Questioned Costs:	There were no questioned costs.
Context:	We were not able to substantiate evidence of a review over the master HOME project monitoring spreadsheet by someone other than the preparer.
Recommendation:	The County should develop and implement policies and procedures to ensure that evidence and documentation of a review of the master monitoring tracking spreadsheet is occurring.
View of Responsible Officials:	The County understands and concurs with the finding.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

YEAR ENDED JUNE 30, 2020

Finding 2019-001

Condition: Internal controls over compliance requirements A. Activities Allowed or Unallowed, B. Allowable Costs/Cost Principles, and J. Program Income of the 2019 Office of Management and Budget Compliance Supplement were found not to be implemented as designed. Procedures to retain appropriate documentation, maintain evidence of review, make timely deposits, monitor collectability of accounts receivable, and properly cutoff accounts payable were not properly followed by property management personnel.

During testing, the property management company was unable to provide support for ten administrative and repair and maintenance expense items out of a sample of 35 items and five rental revenue items out of a sample of 38 items. In addition, \$1,075 of accounts payable was not recorded at year end, and \$6,694 of accounts receivable appears to be uncollectible and an allowance for doubtful accounts was not recorded.

Corrective Action
Taken:

HAWC discussed the audit findings with the current property management firm, Infinity Real Estate Group (Infinity). HAWC required Infinity to increase its review of on-site management operations to ensure that all revenue and expenses are properly supported by the appropriate underlying documents. HAWC has also completed regular audits of Infinity to ensure compliance and correction.

In addition to immediate stronger internal controls, HAWC no longer utilizes Infinity as of March 1, 2020. Infinity resigned effective February 29, 2020. HAWC issued a Request for Proposals (RFP) for a new property management company. The property management company that was awarded the contract, Cascade Management, has a long-term history of successful affordable housing management. HAWC has required Cascade Management to submit additional supporting documents with monthly financial reports.

Finding 2019-002

Condition: Lack of following existing internal controls were noted.

During our test of controls over the revenue cycle, it was noted that there was no evidence of a review of daily cash reconciliations and cash receipts by someone other than the preparer prior to submission to the Finance Department being consistently performed.

WASHINGTON COUNTY, OREGON

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS (Continued)

YEAR ENDED JUNE 30, 2020

Corrective Action

Taken:

The County believes strongly in training and the importance of a strong internal control environment. In fiscal year 2019-20, the Finance Division recruited a Management Analyst II position with a focus on financial policy development and training.

In addition, the Treasury Accountant was reclassified to a Treasury Analyst position with added responsibilities in cash management process review and training. During FY 2019-20, the CFO and the Treasury Analyst have completely revamped the County's cash management process review with a focus on internal controls in each of the County's cash handling locations. A final draft of the County's Cash Handling Training manual has been completed and enhanced training sessions for employees started in summer of 2020.

Management takes these findings very seriously and are working to ensure that County staff have thorough understanding and consistent execution of the County's financial policies and internal controls.
