

Waste less today for a sustainable tomorrow

Set your business apart

In Oregon, we love businesses that love the environment. Getting certified as a Green Business Leader helps you share your success with staff and customers, and sets you apart as an environmental leader in the community.

Solid Waste & Recycling

Washington County's Green Business Leaders program helps businesses like yours reduce waste, ultimately saving you time and money, while supporting a healthy, productive workplace and community.

Your business is paired with a Green Business Advisor—an expert coach dedicated to helping you meet your environmental goals.

Contact a Green Business Advisor for free support, training and supplies

Our mission is to offer up solutions that are realistic for *your* business, without disrupting it

Our Green Business Advisors make it easy to waste less. We work with you to set the wheels of sustainability into motion.

Your business will get:

- Fresh ideas for engaging employees on waste prevention, recycling and composting
- Free supplies such as recycling and composting bins, bags, and signs
- Assistance setting up new or improved recycling and composting systems
- Staff training
- And other customized solutions
