ESG Allocation: Stepping back to evaluate best use of ESG funds

- The landscape of the Washington County system is shifting.
- We want to ensure we strengthen the system by addressing gaps.
- We don't have the answers and need your support/feedback.

ESG Program Considerations

- Estimated Allocation based on PY 21/22: \$190,064
- HUD allows for 7.5% of the annual allocation to be retained for program administration costs by the grantee (Washington County Office of Community Development).
- ESG must be matched with equal resources. (Match can be cash or in-kind amount but cannot be counted as satisfying the matching requirement of another federal grant.)
- Combined street outreach and emergency shelter expenditures cannot exceed more than 60% of the fiscal year grant.

Feedback Needed to Inform the PY 22-23 ESG Allocation Plan

- For the last four years, ESG has been focused on rapid rehousing. Is this still the right priority area to focus on?
- Do you see other gaps in our system where ESG could be a better fit?
- We are open to moving towards a competitive process. Do you have thoughts or concerns about shifting to a competitive process?
