

DATE: May 16, 2024
TO: Homeless Solutions Advisory Council (The CoC Board)
FROM: Staff, Office of Community Development
SUBJECT: Emergency Solutions Grant (ESG) Consultation

Washington County Office of Community Development (OCD) is required to consult with members of the Continuum of Care (CoC) body for the area, to discuss the activities to be funded under regulatory guidelines of the Emergency Solutions Grant (ESG). Today's discussion will fulfill the requirement to consult with the CoC body on ESG program policies as well as determine the distribution of the estimated \$156,014 in Program Year (PY) 2025 funding. Please note that this consultation applies to ESG funds administered through Washington County OCD, not ESG funds administered through the State of Oregon.

For PY2022 through PY2023, ESG funds administered through Washington County OCD have been used for homeless prevention activities contracted through Family Promise of Tualatin Valley. PY2024 funding is currently allocated to homeless prevention awarded to Community Action.

For the estimated \$156,014 in PY 2025 ESG funding, Washington County OCD proposes to allocate 7.5 percent, an estimated \$11,701.05, to administration which will remain with the County and the remaining estimated total of \$144,312 will be allocated to rapid rehousing programming. The decision to allocate to rapid rehousing is based on prior consultations with the Performance Evaluation Technical Subcommittee. The subcommittee recommends the County put out a competitive process to select one agency to administer the ESG funds for the duration of the next Consolidated Plan cycle (FY2025-2029). OCD will still consult with the CoC each year to determine activities funded.

The ESG regulations require a dollar-for-dollar match. The Department of Housing Services' Supportive Housing Services program will provide the matching funds for the awarded agency. Please refer to Attachment A for a description of the proposed funding activities and levels of funding and Attachment B for the proposed performance standards.

ACTION REQUESTED: Your CoC Board recommend endorsement of the allocation amounts for the Emergency Solutions Grant activities as further described in Attachment A, "PY 2025 Funding Amounts for ESG Eligible Activities" and approve the proposed performance standards as described in Attachment B.
