

FARMINGTON ROAD

CONCEPT PLAN

HELP US MAKE
FARMINGTON ROAD
BETTER!

Washington County and ODOT are partnering to envision improvements on Farmington Road from 209th Avenue to Kinnaman Road. The Farmington Road Concept Plan project will identify improvements supported by road users and the surrounding community. The plan will set the stage for future funding opportunities and construction.

We've heard from the community that an improved Farmington Road needs to:

- Improve safety for all travelers
- Improve conditions for those who walk, bike, roll and use transit
- Address traffic congestion
