

SW 198th Avenue Improvements Farmington Rd. to T.V. Hwy

Fast Facts

Project Location

SW 198th Avenue between Farmington Road (OR 10) and Tualatin Valley Highway (OR 8)

Project Goals

- Widen SW 198th Avenue to three lanes as identified in the County's Transportation System Plan and the 2014 Aloha-Reedville Study and Community Livability Plan
- Create a consistent roadway cross-section throughout the corridor
- Improve safety for all travel modes
- Design to address future development and traffic volumes outlined in the South Hillsboro Concept Plan

Project Elements

- Continuous bike lanes and sidewalks
- Safety enhancements at all intersections
- Street lighting
- Limited landscaping
- Storm drainage upgrades
- Culvert crossing upgrades
- Roadway geometry improvements

Project Budget/Funding

- Project Budget: \$14.3 million - including engineering, design, right-of-way acquisition, and construction
- Funded through phase 3d of the Major Streets Transportation Improvement Program (MSTIP)

Estimated Project Schedule

- Preliminary Design: 2016
- Final Design and Permitting: 2016-2017
- Right-of-Way Acquisition: 2017-2018
- Construction: 2018-2019
