

# Public Health Advisory Council 2023 Year in Review

**10** Meetings

**10** Topics including:

- Prevention
- Housing
- Community mental health

**7** Votes

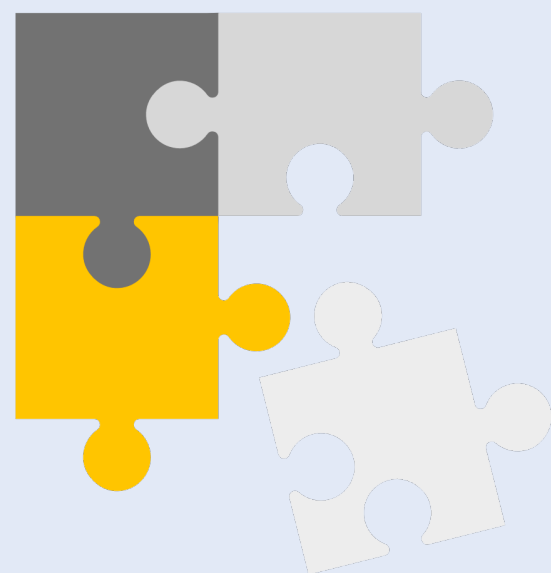

## Support

The Council provided written and verbal testimony to the Board of County Commissioners on the following:

- Proclamations
- Increased funding to support the Medical Examiner's Office
- Cost recovery model for Environmental Health

The Council also provided written testimony to the state legislature to support SB 953, and funding for Public Health Modernization

## Public Health Modernization

The Council had six separate conversations on Modernization and provided the following:

- Feedback on the 23-25 biennium workplan and budget priorities
- Brainstorming what it would look like to fully implement the foundational capabilities
- Input on our first phase of community engagement
- Feedback on 23-25 biennium strategies
