

FY 2022-23 Budget Public Hearing Questions

Question #	Question	Answer
1	Is there an error on Slide 8 of the presentation? The Mid-Year Estimate column does not appear to add up correctly. What impact does this have on what the budget committee is approving?	Yes, one of the figures in the FY 2021-22 Mid-Year Estimate column in the table on presentation slide 8 is incorrect. However, the budgeted figures for FY 2022-23 are correct and match the proposed budget that is documented in the Budget Summary Book, which is what this budget committee is approving.
