Pursuant to Washington County Code, 2.32.080, the Board of County Commissioners has adopted these Washington County Personnel Rules and Regulations, the official personnel/human resources policies and procedures for Washington County employees. They are effective as of November 8, 2014 and supersede the most recently revised version effective November 1, 2019 and all prior Rules and Regulations. Where anything contained herein is contrary to any mandatory provision of federal, state or local law, the federal, state or local law governs.

NOTHING CONTAINED HEREIN SHALL BE CONSTRUED TO CREATE CONTRACTUAL OR VESTED RIGHTS

These policies are not to be construed as a contract of employment. Washington County expressly reserves the right to change, add to, or delete policies at any time. Changes will be effective on dates determined by the County, and employees may not rely on policies that have been superseded. No supervisor or manager has authority to alter these policies, and all such changes must be made in writing.

Applicability:

1. These Rules and Regulations apply to all classified civil service employees. Those employees represented by a collective bargaining agreement are regulated by the agreement. Should the agreement be silent on an issue, the represented employees shall be governed by these Rules and Regulations.
2. Certain Rules and Regulations apply to exempt, unclassified, and MAPPs (Management, Administrative and Professional Personnel System) employees as indicated in these Rules.

Responsibility:

1. It is the responsibility of each elected official, department head and manager to be familiar with and administer these Rules and Regulations in a consistent and impartial manner.
2. It is the responsibility of each supervisor to maintain an updated copy of the Revised Personnel Rules and Regulations in a location easily accessible to all employees.
3. It is the responsibility of each supervisor to provide each employee with access to these Rules and Regulations and to enforce compliance.
4. Generally, it is the responsibility of the Human Resources Division to provide guidance, assistance, support and interpretive aid to each department in the implementation of and compliance with these Rules and Regulations. Further, it is the responsibility of the Human Resources Division to monitor these Rules and Regulations to promote County-wide consistency and fairness. [See Section 1.3.]
5. It is the responsibility of each employee to familiarize him or herself and to comply fully with these Rules and Regulations.

Amendments:

The County reserves the right, at any time, to withdraw or amend any portion of these Rules and Regulations as they apply to current or future employees.

Severability:

If any portion of these Rules and Regulations is declared invalid or unconstitutional by law or by a court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision. The validity of the remaining portions of these Rules and Regulations shall not be affected.

ARTICLE 2.

THE CLASSIFICATION PLAN

Applicability: This Article applies to all employees in Classified Positions; all employees in Unclassified Positions, except 2.4; and all employees in Civil Service Exempt Positions, except 2.4.

Reference: Washington County Code 2.32, Appendix. I, Sec. 16; ORS 241.2 15

Statement of Purpose

The purpose of the classification plan is to provide a structure that groups related County positions into common job titles. It establishes a consistent and uniform methodology for classifying jobs and allocating Positions across Washington County. This system is intended to support and facilitate understanding between employees and their supervisors regarding job expectations, provide consistent entrance qualifications, and a structure to encourage equitable compensation of similar work.

2.1 Preparation and Revision of Classification Plan

2.1.1 Chief Human Resources Officer's Duty:

- 1) The Chief Human Resources Officer shall classify all positions and prepare, revise, add, or abolish classifications.
- 2) The classification plan shall be prepared and maintained in consultation with supervisors and, at the discretion of the Chief Human Resources Officer, other persons who are technically familiar with the character of the work.

2.1.2 Plan Contents:

The classification plan will consist of a Class Specification or definition for each group of similar Position(s) and the procedures for maintaining the plan.

2.2 Class Specifications

The following describes the purpose and use of Class Specifications:

2.2.1 Descriptive of Job:

Class Specifications are descriptive only. They are not restrictive and do not prescribe every duty of any Position. They do not limit the ability of the Appointing Authority to assign work.

2.2.2 Essential Job Duties:

This part of the Class Specification identifies specific duties critical to job performance.

2.2.3 Distinguishing Features:

This part of the Class Specification describes characteristics of work that distinguish it from other classifications. Distinguishing features include the difficulty and complexity of the work, the kind and weight of supervision received and exercised, and the nature of the responsibilities.

2.2.4 Minimum Qualifications:

The part of the Class Specification identified as knowledge, skills and abilities and supported by experiences and training. The minimum qualifications are those demonstrated qualifications required to perform the work upon entry to the classification.

2.2.5 Additional Requirements:

A Class Specification may include additional requirements determined to be necessary for the best interests of the County in a particular Class. These additional requirements may include possession of a valid motor vehicle operator's license, physical ability, or other bona fide occupational qualifications pertinent to the Position(s) covered by the Class Specification.

2.2.6 Temporary Assignments of Work:

Nothing in the Class Specification is to be interpreted as restricting a supervisor in assigning the employee of one Class to perform some of the duties of a higher Class or lower Class for a limited period of time. Accepting assignment to perform work of a higher Class or lower Class for a limited period is a requirement of work in all Classes. [See also Section 3.11.]

2.2.7 Use of Titles:

- 1) Official Title: The Class title designated in the Classification Specification shall be the official title of every Position allocated to the Classification for the purpose of Personnel Actions.
- 2) Use of Official Title: The official Class title shall be used on all payrolls, budget estimates, and official records and reports relating to the Position.
- 3) Working Title: Any other title authorized by the Appointing Authority may be used as a designation of any Position for the purposes of internal administration or in contacts with the public.

2.3 Allocation of Positions

2.3.1 Allocation to Classification Plan:

Each Position shall be allocated by the Chief Human Resources Officer to one of the Classes in the Classification Plan.

2.3.2 Determination of Allocation:

In determining the Allocation of any Position to a Class, the Classification Specification shall be considered as a whole by comparing the overall duties, responsibilities, minimum qualifications and relationships to other Positions.

2.3.3 New Positions:

- 1) New Position Request: The Appointing Authority shall submit to the County Administrator a comprehensive statement containing the justification for the Position and a description of the proposed duties and responsibilities.
- 2) County Administrator to Approve: The County Administrator shall review the requested position and either deny or forward the request to the Chief Human Resources Officer for review.
- 3) Allocation of New Position: After evaluation by the Chief Human Resources Officer, the Position shall be allocated to the appropriate Class in the Classification plan. If the Chief Human Resources Officer determines that none of the existing Classes are appropriate, a new Class Specification shall be prepared as provided in Sections 2.1, 2.2 and 2.3 of this Article.
- 4) Filling of New Positions: No new Position shall be filled until:
 - a. The Position has been created;
 - b. The Position and Salary Report has been approved by the County Administrator and amended by the Board of Commissioners; and
 - c. The position is either allocated to a Class Specification, or is approved by the Chief Human Resources Officer if the new position is Unclassified.

2.3.4 Effect of Position Classification Change (Reclassification) on Incumbents:

- 1) When a Position is reclassified, the incumbent employee will be assigned to the Position without examination, provided the incumbent employee possesses a combination of experience and training that would provide the knowledge, skills, and abilities to perform the essential duties of the new classification.
- 2) If the incumbent employee of a reclassified position does not possess the knowledge, skills, and abilities to perform the essential duties of the new classification, the Appointing Authority, with approval from Human Resources, may choose to open recruitment. In such cases, section 4.9 Layoff shall apply to the incumbent employee.
- 3) The effective date of a reclassification is the first day of the pay period following the day the position reclassification was approved by Human Resources; or the first day of the pay period following the approval of salary through the Board of County Commissioners. Employees shall be notified of the Allocation of their Positions.

4) Effect on employee pay:

- a. When assigned to a classification with a higher salary range it will be considered a promotion and the employee's salary shall be adjusted according to section 3.5.2.(1)
- b. When assigned to a classification with the same salary range, the employee will retain their current salary rate.

When assigned to a classification with a lower salary range, the employee's salary shall be adjusted to the step or rate in the pay range as determined by the salary matrix.

5) Effect on probationary status and anniversary date:

- a. In cases of reclassification resulting from a significant change in duties:
 1. If an employee is allocated to a higher salary range, the date of the allocation will establish a new anniversary date and the employee shall serve a career probationary period.
 2. If an employee is allocated to a lower salary range, the employee shall serve a career probationary period. The employee's anniversary date shall remain the same.
- b. In situations of reclassification due to classification plan revision without a significant change in the employee's assigned job duties, or the employee has performed the full scope of duties with satisfactory performance for greater than 26 pay periods, then the following shall apply:
 1. The employee will be appointed with career status in the new classification provided the employee had achieved career status in the previous classification; and
 2. The employee's anniversary date shall remain the same.

2.4 **Appeal of Classification Allocation**

Any Appointing Authority or employee holding a Classified Position directly affected by a classification allocation may file a written appeal with the Civil Service Commission. The appeal must be filed in writing with the Chief Human Resources Officer not later than ten (10) working days following receipt of a Notice of Classification Allocation. All Classification Allocation Appeals shall be filed in conformance with and heard pursuant to the provisions of the Washington County Civil Service Commission Rules of Procedure for Appeals. The standard of review for a Classification Allocation Appeal shall be whether or not the classification allocation decision was made in conformance with the requirements of Article 2 of the Washington County Revised Personnel Rules and Regulations.

2.5 Flexibly Staffed Classifications

2.5.1 Purpose of Flexibly Staffed Classification:

Flexible staffing provides the Appointing Authority with the option of filling a position at either the entry or journey level. (Refer to Rule 4.4.2) The employee hired at entry level receives on-the-job training and gradually gains the skills to successfully work at the next level of the classification series. The successful on-the-job demonstration of the employee's ability to work at the journey level serves as the promotional process.

2.5.2 Criteria for Flexible Staffing:

The Chief Human Resources Officer shall designate classifications appropriate for flexible staffing. Pre-designated classifications must contain a statement on the classification specification that they are part of a flexibly staffed classification series. The following criteria shall be followed for flexible staffing:

- 1) The lower level classification must be entry-level, requiring limited job skills, while the higher-level classification must be the full journey or working level in the series.
- 2) Classifications describing work of an advanced level (e.g. senior level), and classifications that include lead or supervisory duties shall not be flexibly staffed.
- 3) The duties of the classifications should be of the same type permitting the various tasks to be assigned incrementally with employees at the entry level classification initially assigned a limited range of duties, under close supervision.
- 4) When filling positions at the entry level in the class series, the Appointing Authority shall provide employees with training and experience to develop the necessary knowledge and skills to reach the journey level. Typically, employees would be at the entry level from 6-24 months.
- 5) Upon successfully demonstrating competence at the journey level, and meeting the minimum qualification standards for the journey classification, the Appointing Authority shall request the Chief Human Resources Officer to reclassify the employee to the journey classification. Rule 2.3.4 effect of classification change on incumbent employees shall apply.

The employee demoting is not required to serve an additional probationary period and the Appointment does not have to be made from a Referral List, provided the employee has successfully completed the probationary period for the employee's former classification. Employees who have not completed the probationary period for the former classification shall complete a new Initial or Career Probationary Period within the classification to which the employee is demoted. [See Sections 3.5.3 and 5.2.5]

The resignation notice shall provide an effective date which shall be the last day for which an employee receives pay from the County. Employees who leave county service prior to the date indicated in their written resignation notice or the date agreed upon by the Appointing Authority may not receive pay for any days in which they do not work or do not use accrued leaves, except as provided in Section 6.4.

Any action that reflects discredit upon the County service or is a hindrance to the effective performance of County functions shall be considered Cause for disciplinary action. Improper action by an employee in an official capacity, any action by an employee not connected with official duties that bring the County into discredit, any action that affects the employee's ability to perform the duties of the employee's position, or improper use of the employee's Position for personal advantage shall also be considered Cause for disciplinary action. Cause may include, but is not limited to the following:

- 2) Theft, or attempted theft of property of Washington County, its employees, or the public;

- 21) Violation of Article 13 relating to ethical standards.

5.2 Types of Disciplinary Action

The severity and type of infraction under consideration and the employee's prior work history shall be the determining factor in deciding the appropriate level of discipline. The goal of corrective discipline is to put the employee on notice of unacceptable conduct and give reasonable opportunity to modify the behavior. Serious offenses may justify discharge without the necessity of prior warnings or attempts at corrective discipline. The following is a description of the disciplinary measures available for corrective action. Supervisors and managers should consult with the Human Resources Division when considering corrective action.

5.2.1 Oral Warning:

This is a warning procedure and should serve to educate, as well as deter the employee from conduct that would warrant a more severe form of action. An oral warning is not considered disciplinary action. The warning may become a part of the supervisory record or department file but shall not become part of the employee's Official Personnel File.

5.2.2 Written Reprimand:

The written reprimand puts the employee on official notice that future occurrences may result in more serious discipline. A copy of the written reprimand shall be placed in the employee's Official Personnel File.

5.2.3 Suspension without Pay:

The Appointing Authority may suspend an employee without pay for disciplinary reasons for a maximum of thirty (30) calendar days, at any one time.

- 1) Procedure: The Appointing Authority shall follow the procedures outlined in Section 5.3.
- 2) Approval as to Form: Suspension without pay of any duration requires Approval as to Form by County Counsel prior to imposition.
- 3) Effect on Qualified Payroll Periods: Regardless of the length of suspension without pay, the employee is not eligible to complete Qualified Payroll Periods while on suspension without pay unless specified differently by a collective bargaining agreement.
- 4) Special Rule for FLSA Exempt Employees: Pursuant to the Fair Labor Standards Act, suspensions without pay for workplace conduct violations or violations of safety rules of major significance, excluding attendance or performance issues shall not be imposed for less than one (1) full workday for employees who are exempt from the Fair Labor Standards Act.

5.2.4 Temporary Salary Reduction:

An employee's salary may be reduced temporarily by one or more salary steps as a form of disciplinary action. The employee's Anniversary Date and Step Date shall remain unchanged. A Temporary Salary Reduction shall be considered a type of demotion for purposes of Section 5.4.2.

5.2.5 Involuntary Demotion:

- 1) Demotion, either in salary or to a lower Classification (Class Demotion), may be used as a form of discipline. The procedures, as outlined in Section 3.5.3, shall govern a demotion as a disciplinary action. Supervisors and Appointing Authorities shall follow the procedures outlined in Section 5.3.
- 2) No demotion in either salary or Classification as a disciplinary action shall occur without Approval as to Form by County Counsel.
- 3) When an employee is demoted in Class and/or receives a Salary Demotion, the employee's Anniversary Date and performance evaluation and salary increase date shall be changed to the effective date of the demotion.

5.2.6 Dismissal:

Classified Career Employees may be dismissed only for Cause.

- 1) In dismissing a Career Employee, the supervisor and Appointing Authority shall follow the procedure outlined in Section 5.3. No classified Career Employee shall be dismissed without Approval as to Form by County Counsel.
- 2) Ten (10) working days within which to appeal is calculated from the date the Dismissal becomes effective. (See Section 5.4.2)

5.3 Procedure for Taking Disciplinary Action

Generally, supervisors shall inform an employee when he or she is the subject of an investigation. For all forms of disciplinary action, the supervisor shall follow any department procedures established by the Appointing Authority, shall keep the Appointing Authority fully informed of any action taken and work in collaboration with the Human Resources Division.

When an action is taken to suspend, reduce in pay, demote or dismiss a Career Employee, the following steps shall be taken.

5.3.1 Prepare Written Statement:

The supervisor shall prepare in writing a statement of the reasons for disciplinary action stating dates, location, rules and regulations violated and particular actions, if appropriate. The written statement shall include reference to discussions, oral warnings given, and any written warnings given to the employee previously. The statement shall be delivered to the Appointing Authority for review and necessary action.

5.3.2 Inform the Employee of Disciplinary Action:

After a review of the supervisor's statement, the Appointing Authority shall inform the employee that the information has been provided by the supervisor, and outline to the employee any further investigation to be made if any, and the disciplinary action being considered by the Appointing Authority. If it is necessary to relieve the employee from his/her duties, the Appointing Authority shall suspend the employee with or without pay during the investigation and disciplinary process. The County Administrator must approve any pre-disciplinary suspension without pay. The Appointing Authority shall give the employee a reasonable opportunity to respond to the supervisor's statement or investigative report where appropriate, before action is taken.

5.3.3 Further Action Required after Employee Response:

If, after the employee has responded, the Appointing Authority believes disciplinary action at a level higher than a written reprimand is appropriate, the Appointing Authority shall prepare an imposition of discipline letter outlining the cause of action, determinations, and the particular Personnel Action to be taken. The imposition of discipline letter and Personnel Action shall be approved as to form by County Counsel prior to being presented to the employee.

5.3.4 Notify Employee of Decision:

The Appointing Authority shall notify the employee of his or her decision by certified mail or by hand delivering the imposition of discipline letter. A copy shall

be provided to the Chief Human Resources Officer within 24 hours of delivery to the employee.

5.4 Appeal of Disciplinary Action

5.4.1 Appeal of Disciplinary Action for Employees Represented by a Collective Bargaining Agreement:

When a union agreement provides for grieving a disciplinary action, the bargaining unit employee may choose either the grievance procedure from the collective bargaining agreement or the disciplinary appeals procedures outlined in Section 5.4.2; however, a bargaining unit employee may not choose both of the procedures.

5.4.2 Disciplinary Appeals for Career Employees

- 1) Any Career Employee who is suspended, demoted in classification or pay, or dismissed shall have the right to appeal to the County Administrator and subsequently to the Civil Service Commission as follows:
 - a) Any appeal shall be in writing and submitted within ten (10) working days of the effective date of such action. All appeals shall, at a minimum, set forth the decision being appealed, the basis of the disagreement with the action, and the relief or remedy the employee is seeking.
 - b) The County Administrator may direct the Chief Human Resources Officer to investigate the matter and make a recommendation on the appeal. The County Administrator's decision shall be conveyed to the employee in writing within fifteen (15) working days following the date of receipt of the appeal.
 - c) Within ten (10) calendar days of receipt of the County Administrator's written response, an employee shall have the right to appeal the decision of the County Administrator to the Civil Service Commission. The employee shall file a written Notice of Appeal directed to the Chief Human Resources Officer as secretary to the Commission. The Notice of Appeal must include the name, address and telephone number of the employee, specify the decision being appealed and the date of the decision, include the name and title of the decision maker, and set forth reasons why the initial disciplinary action, or the disciplinary action as modified by the County Administrator, was not taken for cause. Appeals to the Civil Service Commission shall be filed in conformance with and heard pursuant to the provisions of the Washington County Civil Service Commission Rules of Procedure for Appeals.

5.5 Work Related Searches

There is no general or specific expectation of privacy in concealed locations on County premises or property. The County reserves the right to search any County property based on investigatory or operational needs. County property includes, but is not limited to desks, file cabinets, computer files, e-mail, lockers, work areas, toolboxes and work vehicles.

ATTENDANCE

Applicability: This Article applies to all employees in Classified and Unclassified Positions, and all employees in FLSA Exempt, and Civil Service Exempt Positions, except 6.5 and 6.6.

Statement of Philosophy

Washington County takes pride in a service delivery philosophy that places our community and its needs at the forefront of our decision-making process. These needs may on occasion present scheduling challenges that require flexibility, creativity and efficiency on behalf of employees. With our citizens at the forefront of our thoughts, we strive to afford our employees adequate time to take pleasure in outside interests and deal with personal matters. Through this effort we cultivate a healthy and vital workforce.

6.1 Hours of Work

6.1.1 Standard Workweek:

Regular and predictable attendance is an essential job function of all Positions.

- 1) Each Appointing Authority shall establish a schedule of regular working hours for the department's staff. The Full-time schedule shall provide for a workweek of forty (40) hours or 2080 hours annually except as otherwise provided for in Section 6.1.1 (2).
- 2) The workweek shall generally provide for five (5) eight-hour days. The Appointing Authority may establish workweeks in accordance with the provisions of section 207(k) of the Fair Labor Standards Act for employees engaged in law enforcement activities.
- 3) FLSA exempt (MAPPS) positions shall have regular core working hours established by the Appointing Authority, generally spanning regular county business hours. Such employees are expected to accomplish their assigned work activity in a manner that routinely includes core working hours and additional work hours when needed to complete assigned responsibilities.
- 4) Alternative or reduced workweeks may be authorized provided they are aligned with FLSA guidelines and approved by the County Administrator.

6.1.2 Change of Regular Work Schedule:

Except in urgent situations, an employee shall be notified at least seven (7) calendar days in advance of a change in his/her regular work schedule.

6.2 Meals and Rest Periods

Generally, this Section shall be administered by departments in compliance with wage and hour law, except where these Rules are more liberal.

6.2.1 Meals:

Generally, all employees shall receive a one (1) hour lunch period on the employee's own time during each work shift. The Appointing Authority may designate a shorter lunch period; however, all employees shall be granted at least a one-half (1/2) hour lunch period during each work shift. Whenever possible, such meal periods shall be scheduled in the middle of a shift. An additional meal period shall be granted for work more than two (2) hours beyond the regular shift. All employees are required to take the above authorized meal period(s) during the workday or any extension thereof. An employee who fails to take any required meal period is required to notify his or her immediate supervisor not later than the following day.

6.2.2 Rest Periods:

All employee work schedules shall provide for a fifteen (15) minute rest period during each one-half (1/2) of the regular work shift. An additional rest period shall be granted for each additional two- (2) hour increment an employee is required to work beyond the regular workday unless the period is replaced by a meal period as provided in Section 6.2.1. All employees are required to take all of the above authorized rest periods during the workday or any extension thereof. An employee who fails to take any required rest period is required to notify his or her immediate supervisor not later than the following day.

6.3 Leaves of Absence Without Pay

6.3.1 Absence Without Authorization:

- 1) No employee shall be absent from duty without the authorization of the employee's immediate supervisor. Any employee on an unauthorized leave of absence may be subject to disciplinary action.

- 3) Except as provided in Sections 6.3.1 (4), 6.3.2, 6.4, 7.1.3, 7.4.2, 8.3, and 14.2.13 (2) an employee shall not be authorized a leave of absence without pay until all accumulated compensatory time, vacation accruals, personal/floating holiday and administrative leave, in that order, have been applied toward payment for the absence. After the exhaustion of the above noted accruals, the Appointing Authority may grant a leave of absence without pay for a reasonable time period based on the needs of the work unit. Request for such leave must be in writing and must establish reasonable justification for approval of the request.
- 4) The Appointing Authority, with approval from the County Administrator, may grant an employee a leave of absence without pay for an intermittent period (for example: voluntary furlough) without the employee first exhausting other paid leave accruals.

- 5) Leaves of absence without pay for periods in excess of ninety (90) calendar days must be approved by the County Administrator.
- 6) Except as provided in Article 6.3.2, a leave of absence without pay shall not be approved for an employee who is accepting employment outside the County service.
- 7) Except where provided otherwise in these Rules, employees shall not be credited with a Qualified Payroll Period for leaves of absence without pay of more than one (1) day in a given Payroll Period.

6.3.2 Leave of Absence Without Pay for Cooperative Work Assignments:

- 1) The County Administrator may authorize a leave of absence without pay for an employee participating in a cooperative work assignment with another employer or agency. All requests for such leaves must be in writing and state the nature and anticipated duration of the assignment.
- 2) Employees shall earn Qualified Payroll Periods during the leave and will not be required to use accrued leaves or compensatory time prior to being granted a Leave without Pay for such an assignment. The employee's Step Increases will continue as if the employee were present. [See also Section 8.5 - Education Leave.]

6.4 Administrative Leave with Pay

When the County Administrator believes the best interest of the County will be served by removing an employee from the work environment, the County Administrator may authorize an "Administrative Leave with Pay". Administrative Leave with Pay may occur when the County Administrator believes that the employee should be removed from the work environment during the completion of an investigation or disciplinary action. An Administrative Leave with Pay must be authorized by the County Administrator prior to the beginning of leave. For continuous service operations, the County Administrator may delegate this authority to the Appointing Authority, limited to 24 hours of Administrative Leave with Pay.

6.5 On Call (Section 6.5 is applicable only to FLSA covered employees.)

6.5.1 On Call on Occasional Basis:

When an Appointing Authority requires an hourly paid employee to be available for call back during assigned designated off-duty hours, the employee will be considered on call. The rate of compensation for on call duty shall be one hour at the employee's rate of pay for each eight (8) continuous hours of on call duty whether they are called out or not. Compensation for on call duty less than eight (8) continuous hours will be pro-rated. At the discretion of the Appointing Authority, compensation may be in the form of cash payment or Compensatory Time, subject to the limits of Section 3.9.

6.5.2 On Call Duty for Medicolegal Death Investigators:

Employees in the position of Medicolegal Death Investigators are not eligible to receive additional compensation for on call duty.

At the discretion of the Appointing Authority, compensation may be in the form of cash payment or compensatory time, subject to the limits of Section 3.9. Travel time involved in call back duty shall not be considered time worked. Telephone calls to an employee due to business needs during the employee's off-duty hours shall be recorded as time worked, and will be compensated for a minimum of fifteen (15) minutes for the time spent on each phone call. For time-keeping purposes, multiple telephone calls during any 15-minute time period will be treated as one telephone call.

LEAVES

Applicability: This Article applies to all employees in Classified and Unclassified Positions; and all employees in Civil Service Exempt Positions.

Statement of Philosophy

Washington County's ability to meet its strategic mission is driven by the professional success of our employees. We realize that for employees to perform at their full potential, they must also take steps to ensure their continued physical and mental health and meet other personal needs. Washington County supports these efforts by providing an equitable and competitive fringe benefit package that fosters employee fulfillment and longevity.

7.1.1 Paid Holidays:

The following days shall be recognized and observed as paid Holidays:

- Memorial Day (last Monday in May)
- Independence Day (July 4)

- Veterans Day (November 11)
- Thanksgiving Day (fourth Thursday in November)
- Christmas Day (December 25)
- One Floating Holiday (must be taken during the calendar year)

7.1.2 Weekend Holidays:

- 1) Except for employees in positions requiring continuous operations, when a holiday falls on Sunday, the following Monday shall be observed as the holiday; when a holiday falls on Saturday, the preceding Friday shall be observed as the holiday.
- 2) When an employee's regularly scheduled days off are other than Saturday and Sunday and the day observed by the County as a holiday falls on the employee's regularly scheduled day off, the employee shall receive a paid holiday in a manner that is similar to employees scheduled to work Monday through Friday. Therefore, if the holiday falls on the first day of the employee's regularly scheduled days off, the employee will receive the preceding workday off, and if the holiday falls on the second day of the employee's regularly scheduled days off then the employee will receive the following workday off.
- 3) Employees in positions designated by the Appointing Authority as requiring continuous operations shall observe holidays on the actual date the holiday occurs.

7.1.3 Holiday Pay:

- 1) Full-Time Employees. Eligible regular Full-time employees shall receive eight (8) hours holiday pay for each of the holidays listed in this Article on which they perform no work. Employees whose regular workday is in excess of the standard workday may:
 - a. Use accrued compensatory time, vacation leave or Leave Without Pay to make up the difference between their paid holiday hours and their regular work hours; or
 - b. With the authorization of their supervisor, the employee may flex their work hours to make up the hours within the same workweek.

Employees electing to take Leave without Pay under the provisions of this Rule will not be denied a Qualified Payroll Period due solely to use of Leave without Pay to cover a holiday.

- 2) Part-Time Employees. Part-time regular employees shall receive holiday pay in an amount proportionate to that paid for Full-time employment. Part-time employees whose regular work hours on the day of the holiday are greater than the proportionate amount of hours they are entitled to for the holiday may:

 - b. With the authorization of their supervisor, the employee may flex their work hours to make up the hours within the same workweek.

Part-time employees electing to take Leave without Pay under the provisions of this Rule will not be denied a Qualified Payroll Period due solely to use of Leave without Pay to cover a holiday.

7.1.4 Holiday during Leave:

Should an employee be on an authorized Leave with Pay when a holiday occurs, the holiday shall be paid and not charged against sick or vacation leave accumulation.

7.1.5 Eligibility for Holiday Pay:

Regular employees shall be eligible to receive holiday pay only if present or in a paid status for the full time period of their regularly scheduled workday both immediately preceding and immediately following the holiday.

7.1.6 Work Performed on Holidays:

In addition to holiday pay, FLSA covered employees directed by their supervisor to work on a holiday shall be compensated at the rate of one and one-half times the employee's rate of pay. At the discretion of the Appointing Authority, compensation may be in the form of cash payment or Compensatory Time, subject to the limits of Section 3.9. FLSA exempt employees will not receive additional compensation for time worked on a holiday.

7.1.7 Time Off in Lieu of Holidays:

For employees in positions designated as requiring continuous operations, the Appointing Authority may request authorization from the County Administrator for employees to accrue time off in lieu of holidays. When approved, Full-time employees will earn an accrual of 3.6924 hours per qualified payroll period in lieu of holiday(s) time. and one additional in lieu of holiday day (eight hours).

For Part-time employees, the accrual rate of hours and the number of additional hours will be in proportion to the FTE of the employee’s position.

Any accumulated time off in lieu of holidays in excess of forty (40) hours will be paid to the employee on the first regular pay period in July of each year. The remaining forty (40) hours may be carried over into the next fiscal year.

Employees must take off a minimum of fifty-six (56) in lieu of holiday hours per year to be scheduled by mutual consent of the Appointing Authority and the employee. A minimum of twenty-four (24) hours must be taken between July 1 and December 31 and the remainder of the required fifty-six (56) hours must be taken between January 1 and June 30. This requirement will be waived if an employee can demonstrate that a reasonable attempt was made to take the minimum time off and was unable to do so due to operational needs. Considerations may include presentation of notices that requested leave has been denied, or shift schedules that demonstrate an inability to take time off.

7.2 Vacation Leave

7.2.1 Accrual of Vacation:

All Full-time regular employees shall be credited with vacation leave per the following schedule. Part-time regular employees shall accrue vacation leave in an amount proportionate to that which would be accrued for Full-time employment.

- 3) Vacation awarded under the provisions of this section shall not be eligible for cash compensation under the provisions of section 7.2.8 if the employee separates from the County before completing one year of service.

7.2.4 Vacation Accruals on Return by Re-employment:

When a former employee returns to employment under the provisions of Re-employment (Section 4.5.12), the employee shall begin accruing vacation at the same rate as was being accrued at the time of separation from the County.

7.2.5 Maximum Accrual:

Regular employees who are members of an armed forces reserve program and who are called up to active duty will continue to accrue vacation leave during the military leave of absence and/or annual training. The accrual rate will not be affected by the leave. Employees will have the option to use accrued vacation leave while on active duty or during annual training. [See also Section 7.4.2.]

7.3 Sick Leave – [Also refer to the Washington County Family Medical Leave Policy as applicable.]

7.3.1 Accrual of Sick Leave:

All Washington County employees shall accrue sick leave at a rate of .0462 hours for each hour worked. For the purposes of this section, hours worked includes any hours an employee is in paid status.

MAPPS employees are presumed to work forty (40) hours in each workweek for purposes of sick leave accrual unless their normal workweek is less than forty (40) hours, in which case sick time will accrue based on the employee's normal workweek.

The maximum accrual of sick leave for any employee shall be ninety-six (96) hours per calendar year. Any unused sick leave may be carried over and used in the following calendar year. Sick leave may be accrued without limit.

7.3.2 Use of Sick Leave:

- 1) An employee who is unable to attend their regular or previously assigned work shift and perform his/her job duties due to personal illness or injury, pregnancy, necessity of medical or dental care, exposure to contagious disease, or illness in the employee's immediate family reasonably requiring the attendance of the employee, or in accordance with the Washington County Medical Leave Policy, may utilize accrued sick leave.
- 2) For any foreseeable need for an employee to use sick leave, employees must notify their supervisor as soon as practicable and must make a reasonable effort to schedule planned use of sick leave in a manner that minimally disrupts the business and operations. When the need for sick leave is unforeseeable, employees must contact their supervisor before the start of their scheduled work shift or as soon as practicable.
- 3) Use of sick leave will run concurrently with leave designated under the Family and Medical Leave Act and the Oregon Family Leave Act where allowed by law.

- 4) For the purposes of this Section, “immediate family” shall be defined as spouse, spousal equivalent, parent, stepparent, adoptive parent, parent-in-law, foster parent, biological or adopted child, stepchild, foster child, legal ward, brother, sister, son-in-law, daughter-in-law, grandparents, grandchildren or a person with whom the employee is or was in a relationship of in loco parentis (in place of a parent). “Immediate family” shall also include any other close relative who resides in the employee’s household. Further, for the purposes of this Section, parents of a spousal equivalent shall be treated the same as if they were parents of a spouse.
- 5) If an employee takes more than three consecutively scheduled workdays as sick leave, the Appointing Authority may require the employee to furnish a written medical statement issued by a licensed physician or practitioner, or other satisfactory evidence of illness that confirms the illness of the employee or their immediate family member, provides an estimate of when the employee will be able to return to work, states whether the employee’s incapacity will require intermittent treatments, states the estimated frequency and duration of such treatments, and provides the estimated period for recovery, if known.
- 6) The Appointing Authority may require documentation from a health care provider on a more frequent basis if sick time abuse is suspected, including use of unscheduled sick time on or adjacent to weekends, holidays, or vacation leave. Abuse of sick leave privileges may be cause for disciplinary action.
- 7) If the employee’s leave qualifies as protected leave under the Family Medical Leave Act or the Oregon Family Leave Act, the Appointing Authority may require a medical certification as provided by state or federal law.
- 8) An employee may use accrued sick leave if the employee, or their minor child or dependent is a victim of domestic violence, harassment, sexual assault, or stalking as defined in ORS659A.272 and requires leave for any of the purposes in that law. An employee shall provide reasonable advance notice of their intention to take leave, unless giving notice is not feasible. Certification of the need for leave may be requested by the Appointing Authority, in which case, the employee shall provide certification within a reasonable time. (See also Domestic Violence Leave Policy).
- 9) Use of qualifying sick leave will be considered protected leave up to the amount allowed under the Family Medical Leave Act, the Oregon Family Leave Act and other applicable laws and statutes governing the use of sick leave.

7.3.3 Sick Leave Accruals upon Separation of Employment:

When any employee separates from employment with the County for any reason, the employee is not paid for any unused sick leave accruals.

7.3.4 Sick Leave Balance and Accruals upon Return to County Employment:

If a former County employee returns to employment with the County within one hundred and eighty (180) days of separation, his/her unused sick leave balance will be reinstated at the same level as it was at the time of separation and he/she will begin accruing sick leave at the same rate.

7.3.5 Sick Leave without Pay:

Upon application of an employee and after available accrued sick leave, paid leave and protected leave have been exhausted, Sick Leave without Pay of a reasonable

period, subject to the business needs of the department, may be granted by the Appointing Authority. Leaves in excess of ninety (90) days may be granted at the discretion of the County Administrator.

7.3.6 Sick Leave Benefits for Employees on Military Reserve Leave:

Regular employees who are members of an armed forces reserve program and who are called up to active duty will continue to accrue sick leave during the military leave of absence. The use of sick leave will not be allowed if on “called up” status.

7.4 Other Leaves

7.4.1 Jury Duty and Witness Leave:

- 1) An employee shall be granted Leave with Pay when required to report for jury duty or as a witness in cases in which the employee has no interest. The employee shall waive all witness fees or pay for jury duty, except mileage expense, unless the employee receives said compensation while on an authorized leave of absence without pay. County temporary or part-time employees will be granted jury or witness leave only if the jury or witness duty coincides with the employee’s regularly scheduled hours.
- 2) An employee required to report for jury duty or as a witness may be excused, with approval from the employee’s supervisor, from appearing for the employee’s normal shift on that work day if the jury duty or witness responsibility exceeds four (4) hours.
- 3) If jury duty or witness responsibilities continue for four (4) hours or less, employees on the day shift shall report for the remainder of their work day. Employees on other than day shift shall have the number of hours spent on jury or witness duty deducted from their normal shift on that work day and shall report for the first remaining hours of their work shift.

7.4.2 Military, Alternative Service, and Peace Corps Leave:

Military, alternative service and Peace Corps leave shall be granted in accordance with Oregon Revised Statutes and Federal Regulations. The County shall pick up the employee portion of OPSRP/PERS for military deployments requiring the employee’s absence that exceeds thirty (30) continuous days, for the duration of the deployment. The pick-up of the employee portion of OPSRP/PERS shall apply to deployments commenced on or after January 1, 2003. Refer to sections 7.2.9 and 7.3.5 for use and accumulation of leave.

7.4.3 Worker’s Compensation Leave:

A probationary or Career Employee shall receive from the County salary continuation in place of temporary disability when the employee is off work as a result of a compensable worker’s compensation claim. Salary continuation will be at the same wage with normal deductions withheld (i.e., taxes, social security, medical premiums, and other voluntary deductions) and the same pay interval as the employee received at the time of injury. Wages are calculated based on the employee’s regular working schedule exclusive of overtime.

These wages will commence after the required three (3) day waiting period has been met. If the disability results in incapacity for more than one hundred and eighty (180) calendar days from the date on which payments commence, the employee will begin receiving time loss payments subject to Oregon workers' compensation law. The employee may then use vacation, compensatory time or sick leave to cover the difference between time loss payments and the employee's regular salary.

Salary continuation is not available when the injured employee is no longer employed by Washington County.

7.4.4 Bereavement Leave:

- 1) An employee shall be allowed up to three (3) workdays time off with pay for death in the employee's immediate family. An additional leave of two (2) workdays shall be allowed for necessary funeral travel time when approved by the Appointing Authority. Work days are defined as the employee's regular daily work schedule.
- 2) For the purposes of bereavement leave, immediate family shall be defined as an employee's child, spouse or spousal equivalent and their children, parents, step-parents, sisters, brothers, grandparents, grandchildren, father-in-law, mother-in-law, brothers-in-law, sisters-in-law, sons-in-law, and daughters-in-law. Under exceptional circumstances, bereavement leave may be granted by the Appointing Authority upon the death of a person other than the employee's immediate family. Use of accrued sick leave may be authorized in addition to bereavement leave when deemed appropriate by the Appointing Authority.
- 3) At the discretion of the Appointing Authority, and with consideration of department operating needs, bereavement leave may also be granted up to eight (8) hours to attend funeral services for a fellow County employee.
- 4) An employee qualified for leave under the Oregon Family Leave Act (OFLA) will be allowed up to two (2) weeks of unpaid bereavement leave for the death of a family member qualified under OFLA. The two weeks of bereavement leave granted is inclusive of any bereavement leave taken under 7.4.4(1) and must be completed within sixty (60) days from the date the employee was notified of the death of the family member. Authorized accrued paid leave must be used by an employee prior to commencing any period of unpaid leave. OFLA bereavement leave is to be taken in one continuous block of time. In exceptional circumstances, the Appointing Authority may authorize intermittent bereavement leave when deemed appropriate.

NON-DISCIPLINARY APPEALS PROCEDURE

Applicability: This Article applies to all employees in Classified Positions; and employees in Unclassified Positions and Civil Service Exempt Positions, except 10.2.

Statement of Philosophy

A County workforce that functions as a focused and well-coordinated team is essential in fulfilling our public stewardship role. Unresolved individual conflicts and issues should not impede this role. To achieve such an environment all employees must have a forum in which their problems and complaints may be resolved in a fair and timely manner without fear of reprisal. Innovative problem solving shall be encouraged in order to find solutions using informal means at the lowest possible level of supervision.

It is the policy of the County to provide for an orderly process whereby employees may have their problems and complaints considered as fairly and as quickly as possible without fear of reprisal. These processes are available to all employees; however, bargaining unit employees may choose to use the grievance procedure in their collective bargaining agreement if the action pertains to an issue covered under that agreement. Efforts shall be made to find an acceptable solution to employee issues by informal means at the lowest possible level of supervision. [See Sections 14.2.14, 5.4, and 12.4.2]

10.1 Definition of Non-Disciplinary Appeal

An employee or group of employees in the County may file an appeal in writing due to:

Employees shall first present their issue to their immediate supervisor in writing. If the issue cannot be resolved satisfactorily by the supervisor, the employee may appeal the issue to the next level of management within the department. If an employee's issue involves their immediate supervisor, the employee may appeal to the next level of management without first appealing to their immediate supervisor. Each department shall determine the levels of management that an appeal shall proceed through.
- b. The initial appeal within a department shall be submitted in writing within ten (10) working days from the date the action, event or decision took place or within ten

(10) working days from the date the employee became aware of the action, event or decision unless extenuating circumstances can be shown as to why this time frame could not have been met.

- c. Supervisors, managers, and department heads shall respond to an employee's written appeal within ten (10) working days of receipt unless management determines, in its sole discretion, that there are extenuating circumstances that preclude meeting this time frame. The supervisor or manager's response will include both a decision and explanation of the decision or, if an investigation is required, a projected date that the decision will be rendered. In the event that an investigation is required, the department shall proceed with as much expedience as practicable.
- d. An appeal being made in response to an immediate supervisor's or Division Manager's decision regarding an initial appeal shall be submitted in writing within ten (10) working days from the date the employee is provided with written notification of the decision.
- e. Appeals at every level shall be in writing and, at a minimum, set forth the action, event or decision being appealed, the basis of the disagreement, and the relief or remedy the employee is seeking.

2) Consideration of Appeals by the County Administrator

- a. When the appeal of a non-disciplinary issue cannot be resolved after exhausting the departmental procedure, the appeal may be directed to the County Administrator who shall review the issue.
- b. Any appeal to the County Administrator shall be made within ten (10) working days from the date the employee received written notification of the Appointing Authority's final decision. The appeal shall be in writing and at a minimum set forth the action, event or decision being appealed, and the relief or remedy the employee is seeking.
- c. The County Administrator may direct the Chief Human Resources Officer to review and/or investigate the matter and make a recommendation on the appeal. The appealing employee shall be advised accordingly.
- d. The Chief Human Resources Officer shall respond to the County Administrator within ten (10) working days of receipt of the appeal. The County Administrator shall issue a decision on the matter within ten (10) working days of receipt of the recommendation of the Chief Human Resources Officer. County employees shall not under any circumstances solicit any gift, gratuity, loan or fee where there is any direct connection between the solicitation and their departmental membership or employment.

13.3.2 **Acceptance:**

County employees shall not accept either directly or indirectly any gift, gratuity, loan, fee or any other thing of value in excess of \$50.00 per year from any person or organization with an administrative or legislative interest in any decision or vote made by the employee in their official capacity, or when the acceptance of any

such gift might tend to influence directly or indirectly the actions of the employee or any other person regarding any County business activity.

13.4 Overpayment to County Employees:

Any circumstances resulting in payment in excess of what is allowed under these Rules and Regulations to a County employee through wages, reimbursements, benefits, or other type of payment shall be returned to the County. The County shall use all legally, available means to recover the overpayment from the employee.

13.5 Family, Business and Personal Relationships:

As a public service organization, Washington County recognizes that our principles and policies must reflect the highest standards of integrity. With that in mind, we will continually strive to balance the rights of employees with the interests of the community we serve. The manner in which we conduct ourselves either supports or detracts from the public's perception of the value of government service.

13.6 Impropriety or Appearance of Impropriety:

The County will not permit employment situations in which impropriety or an appearance of impropriety is created based upon an employee's family, personal or business relationships. An impropriety or appearance of impropriety shall be deemed to exist when any employee has the authority or practical power to exert favorable or unfavorable influence over the employment of a relative or other personal relationship in the workplace or with outside agencies doing business with the county. This includes the authority to supervise, appoint, terminate or discipline, review or audit work, or the ability to make effective recommendations regarding any of these actions.

13.7 Definition of Family or Personal Relationship:

For the purposes of this Section, family or personal relationship is defined as spouse, spousal equivalent, former spouse, former spousal equivalent, fiancée, or children, step children, foster children, parents, grandparents, in-laws, foster parents, siblings, aunts, uncles, nieces, nephews or cousins of the employee, the employee's spouse or the employee's spousal equivalent. Additionally, employees are advised to consider other relationships not distinguished by blood or marriage that may lead to perceptions of favoritism or impropriety.

13.8 Resolution of Impropriety or Appearance of Impropriety:

Employees who become related or otherwise involved such that the relationship would create a potential impropriety or appearance of impropriety shall immediately notify their respective Appointing Authority. The Appointing Authority shall determine if an impropriety or appearance of impropriety exists and, if appropriate, make such changes as are necessary to preclude the impropriety or appearance of impropriety. Employees will be allowed a "grace period" in which to change work responsibilities, supervisors, or positions in order to comply with the intent of the policy. The grace period shall be determined by the Appointing Authority but shall be for no longer than ninety (90) calendar days from the date the Appointing Authority was first notified of the conflict. If a resolution that

eliminates the impropriety or appearance of impropriety has not been achieved, then the matter shall be referred to the County Administrator. The County Administrator may take any reasonable action necessary to resolve the impropriety or appearance of impropriety.

13.9 Willful Violation:

Willful violation of this Section will be construed as cause for disciplinary action pursuant to Section 5.1, up to and including termination.

ARTICLE 14.

WORKFORCE ADJUSTMENT, LAYOFF AND REDEPLOYMENT

Applicability: This article applies to all Classified County Employees

Statement of Philosophy

Employees are Washington County's most valuable resource. The County will strive to adjust to environmental, program and funding fluctuations through the use of human resource planning methods. In the event a reduction in force is unavoidable, it is the goal of Washington County to minimize the negative impact on operations and employees. The County will maximize opportunities for employment continuation for employees impacted by a workforce reduction or layoff through demotion, redeployment, and opportunities to accept part-time, seasonal and temporary positions if available.

Employees in positions exempt from Civil Service and employees serving their initial probationary period do not have recall rights covered in this chapter.

14.1 Alternative to Layoff

Prior to deciding on a reduction in force, the Appointing Authority shall consider alternatives to layoff, which may include but not be limited to:

- a) Reduction through attrition
- b) Employee reassignment
- c) Voluntary salary reduction
- d) Voluntary or involuntary reduction in regular work hours or FTE
- e) Voluntary or involuntary furlough periods
- f) Voluntary leave of absence
- g) Position work sharing
- h) Voluntary separation programs
- i) Transferring employees to vacancies within their department
- j) Eliminating or postponing hiring into vacant positions
- k) Assigning work currently done by temporary employees to regular staff
- l) Restructuring work processes

Prior to implementation, workforce adjustment plans shall be reviewed by the Chief Human Resources Officer and the County Administrator.

14.2 Layoff

14.2.1 Reasons for Layoff:

In the event alternatives to layoff are insufficient or unsuitable, an Appointing Authority may initiate a layoff for the following reasons:

- a) Abolishment of a position;
- b) Shortage of funds or work resulting in the Appointing Authority's determination of a need to reduce the work force;

- c) A material change in duties resulting in the employee not meeting the qualifications for the position;
- d) Other reasons which do not reflect discredit on the service of the employee as approved by the Chief Human Resources Officer.

14.2.2 Method of Layoff:

- 1) Classifications to be Reduced for Purpose of Layoffs: Unless a Layoff is the result of section 14.2.8 (Offer to Accept Voluntary Layoff), Layoff shall be within a classification (or specialty area within a classification) in order of seniority with the County.
- 2) Number of Positions: The Appointing Authority shall determine the number of Positions in a specific classification to be reduced in the department. Where a classification has a defined specialty area(s) as designated in the adopted class specification, the Appointing Authority shall determine whether and how many positions within such specialty area(s) should be reduced. Layoffs are restricted to the department reducing positions.
- 3) Human Resource Responsibility: To initiate a layoff, the Appointing Authority shall request that the Chief Human Resources Officer prepare the departmental classification seniority list and prepare layoff letters. The request shall include the reasons for layoff and be submitted as soon as possible, but not later than thirty (30) days prior to the effective date of the layoff.
- 4) Method of Employee Layoff: The employee with the least County seniority within the classification and department shall be laid off, except as provided for in any applicable collective bargaining agreement.
- 5) No Displacement: Except for Section 14.2.7 (Layoff of Employees in Sworn Public Safety Classifications), no employee shall displace (bump) another employee due to layoff unless authorized by a collective bargaining agreement.
- 6) Seniority: For the purpose of Layoff or Recall, computation of seniority shall be based on Qualified Payroll Periods as a Provisional, probationary or Career Employee, and shall be computed as follows: [See Section 14.2.9]
 - a). Full-time employment: An employee's seniority in a full-time position(s) shall be calculated at one (1) point per Qualified Payroll Period.
 - b). Part-time and Job-Share employment: Effective June 5, 1993, an employee's seniority in a part-time and/or job-share Position(s) shall be calculated based on an amount proportionate to a full-time position.
 - c). Part-time and Job Share employment prior to June 5, 1993: An employee's seniority for the time served in part-time and/or job share position(s) prior to June 5, 1993 shall be calculated as if the time served was in a full-time capacity.

14.2.3 Breaking Ties:

In the event two or more employees have the same seniority, the person whose date of employment with the County is chronologically first will be considered as having greater seniority. In the event that a tie in seniority still exists, seniority within the department shall be the tie breaker. In the event that a tie in seniority

still exists, the Chief Human Resources Officer shall identify an alternative method to break the tie.

14.2.4 Status of Temporary, Variable Hour, Seasonal and Provisional Employees:

Employees who are laid off will be offered any temporary, variable hour, seasonal, or provisional position for which they are qualified and available in the department from which they are laid off. Temporary, variable hour, seasonal, or provisional employees will not be employed in any department implementing layoffs unless any laid off career or probationary employee(s) who are qualified and available for the nature of the work involved, are first offered and decline to accept the temporary, variable hour, seasonal, or provisional position. The determination of a career or probationary employee's qualifications and availability to perform the work of a temporary, variable hour, seasonal or provisional employee shall be within the discretion of the Appointing Authority. An employee may appeal this decision as provided in Section 14.4 of these Rules.

14.2.5 Layoff Notice:

All affected employees shall be given written notification by their Appointing Authority as soon as Human Resources has prepared the classification seniority list and notice of layoff. The Layoff Notice shall include the reasons for layoff and any options available to employees being laid off such as demotion in lieu of layoff, available temporary employment opportunities and redeployment program information. In no circumstances shall the Layoff Notice be given less than fifteen (15) calendar days prior to the effective Layoff date.

14.2.6 Demotion in Lieu of Layoff:

- 1) Any career or probationary employee who is about to be laid off may file a written request with their Appointing Authority for a demotion in lieu of layoff. The Appointing Authority may grant the request in any classification at a lower salary range for which a vacancy exists and where the employee may reasonably be expected to perform satisfactorily. Human Resources shall determine if the employee meets the minimum qualifications for the classification to which the employee is requesting demotion.
- 2) If the Appointing Authority determines that a demotion is not in the best interest of the department, the Appointing Authority shall, upon conferring with the Chief Human Resources Officer, immediately notify the employee in writing and give the reasons for denying the request. An employee denied a demotion in lieu of layoff may appeal the denial under the provisions of Section 14.4 of these Rules.
- 3) Employees may request demotion in lieu of layoff into a different department. The Appointing Authority receiving the request may consider the request in the same manner as a Voluntary Classification Demotion under Section 4.7.
- 4) In cases where employees are demoted in lieu of layoff, their names shall be placed on the Recall list for the Classifications from which they were demoted. [See Sections 3.5.3 and 4.6.6 for information on demotions.] Employees serving an initial probationary period, who are not selected for demotion in lieu of lay off, will be returned to the appropriate eligible list, if still active.

14.2.7 Layoff of Employees in Sworn Public Safety Classifications:

- 1) For employees in the Classifications of Sergeant or Lieutenant, layoff shall be by classification in inverse order of seniority within the classification. Upon written request to the Appointing Authority within seven (7) calendar days from receipt of notice of layoff, a career or probationary employee who is about to be laid off may displace the employee with the least seniority in the classification the employee held immediately preceding the employee's current classification, provided that such displacement does not result in a promotion and that the employee being laid off may only displace an employee in the classification of Sergeant, Corrections Sergeant or Lieutenant.
- 2) An employee who displaces an employee in a lower classification, resulting in a demotion, shall be considered to have the greatest seniority in the classification for purposes of this section. In the event that two or more employees have demoted in this manner, the employee with the greatest seniority in the former classification shall be considered as having the greatest seniority.

14.2.8 Offer to Accept Voluntary Layoff:

As provided in Section 14.2.2, after a decision to proceed with Layoff has been made, but prior to implementing any Layoff, the Appointing Authority may announce impending Layoffs within any classification. Employees within an affected classification, regardless of the employee's seniority as provided by Section 14.2.2 (6), may offer to take a Layoff or a reduction in FTE (full time equivalent). The Appointing Authority may elect to Layoff or reduce the FTE of an employee offering to be laid off or accept a reduction in FTE in lieu of imposing Layoff based on seniority. The decision to accept a voluntary offer of Layoff or reduction in FTE, as provided herein, is solely within the discretion of the Appointing Authority.

14.2.9 Restoration of Qualified Payroll Period Credit:

A Career Employee who has voluntarily left classified employment to accept employment in an Civil Service Exempt or Unclassified Position within the County, or any employee who has been laid off and subsequently Appointed from the list in the same classification, or a comparable classification, shall be considered to have accrued seniority for the purpose and as provided by Section 14.2.2 (6) during the time the employee was in the Civil Service Exempt or Unclassified Position. Further, for the purpose of Section 14.2.2 the employee shall regain seniority for Qualified Payroll Periods earned prior to the voluntary acceptance of a Civil Service Exempt or Unclassified Position.

14.2.10 Temporary Interruption of Employment:

Any temporary interruption of employment which does not exceed ten (10) working days resulting from adverse weather conditions, shortage of supplies, or for other unexpected or unusual reasons as determined by the County Administrator shall not be considered a Layoff if, at the termination of such conditions, employees are to be returned to employment. The standard provisions of the Rules and Regulations regarding Qualified Payroll Periods shall apply under these circumstances.

14.2.11 Medical Layoff:

A layoff shall be considered a medical layoff in situation where a serious health condition prevents an employee from performing the essential duties of their position and the employee has exhausted state and federal protected leave benefits; or when a qualified disability prevents the employee from performing assigned duties and reasonable accommodation cannot be made. The provisions of recall, (Section 14.2.12) shall be applied in situations where an employee may return due to improvement in their medical condition.

14.2.12 Recall:

- 1) Eligible for Recall: Laid off Civil Service covered employees who are not serving an initial probation period are eligible for Recall.
- 2) Duration of Recall List: Each Recall list shall remain in force for one (1) year from the date of layoff or demotion in lieu of layoff.
- 3) Recall List: The Recall list consists of all employees who were laid off, reduced in FTE under Section 3.2.4, or demoted in lieu of layoff from a position in the appropriate classification. The names on the Recall list shall be in the order of seniority.
- 4) Order of Recall: The Recall list shall be referred to any department (used in filling vacant positions) before any of the other hiring lists may be used. The Recall list shall be referred in the order of seniority. Where Layoff has occurred within a specialty area as designated in the adopted classification specification, Recall will take place within that specialty area.
- 5) Appointment of Recalled Employees: The Appointing Authority shall appoint the employee referred, provided the employee is still qualified to perform the duties of the position. If, in the opinion of the Appointing Authority, the employee is not qualified to perform the duties of the position, the Appointing Authority shall notify the Chief Human Resources Officer of the reasons for not appointing the employee. The Chief Human Resources Officer will review the reasons for not appointing the employee and determine if appropriate and in accordance with these rules.
- 6) Removal of Names from Recall List: The Chief Human Resources Officer may remove the name of a person from a Recall list if the laid off employee fails to reply within ten (10) calendar days from the date of mailing of a written inquiry, sent by certified mail, to the laid off employee's last known address. It is the responsibility of the employee to notify Human Resources of any address change.

The Appointing Authority may request the referral of the next person on the Recall list if the laid off employee is not available to work within fourteen (14) calendar days after the date the employee is informed via written confirmation by the department that they are to return to work. This will not affect the status of the employee on the Recall list.

14.2.13 Effect of Layoff/Recall on Salary, Leave Accruals and Seniority:

- 1) Sick Leave: Employees who have been laid off will retain their accrued sick leave during the time they are on the Recall list. Accrued sick leave will become

available for use upon Appointment from the Recall list. Sick leave is lost when the term of eligibility for Recall expires.

- 2) Vacation Leave: Employees who are laid off will be paid for unused vacation leave at their regular rate. Upon Appointment from a Recall list, an employee's rate of accrual for vacation leave will remain the same as it was at the time of layoff.
- 3) Seniority of Laid off Employees: Laid off employees retain, but do not continue to accrue, seniority (accrued Qualified Payroll Periods) during the time they are on the Recall list. Seniority is lost when the term of eligibility for Recall expires.
- 4) Salary Administration: Upon re-appointment from a Recall list, an employee shall receive the same step in the salary range that the employee held when laid off or demoted. The employee shall begin to accrue vacation and sick leave benefits as if there had been no break in service. The anniversary date and step date of a Recalled employee will be adjusted so that the time spent on layoff or in a lower level classification (as a result of a demotion in lieu of layoff) will not count towards step increases upon Recall.

14.3 Redeployment

It is in the interest of Washington County to place an employee impacted by Layoff into a vacant position for which they are qualified. It is not intended that redeployment guarantee placement of an employee. It is the County's intention to redeploy employees in lieu of layoff whenever possible.

14.3.1 Employees Eligible for Redeployment:

Employees whose position is impacted due to Layoff are eligible for redeployment, and may elect to participate in the program. Employees who are selected for and accept Appointment through redeployment automatically waive recall rights to their former positions.

14.3.2 Human Resources Responsibility:

The Human Resources Division will manage the redeployment process. This includes:

- 1) Assessment of the impacted employee's experience, skills and abilities to match them to suitable positions;
- 2) Providing the employee with information about job search resources within the community, county vacancies and other resources for employment services;
- 3) Providing names of employees eligible for redeployment to hiring managers for consideration when filling vacancies;
- 4) Matching employees to positions for which they may qualify through participation in a redeployment training program; and
- 5) Informing employees that if they obtain a regular position through redeployment that their name will not be placed on the list for recall to their former position.

14.3.3 Chief Human Resources Officer shall have discretion to:

- 1) Require that the Appointing Authority give priority consideration to eligible employees prior to certifying names from an existing eligible list.

- 2) Grant exceptions to the existing hiring process for internal hiring of impacted employees, and waive the competitive process for those participating in a training plan.

14.3.4 Appointing Authority Responsibility:

The Appointing Authority shall participate in the redeployment process and will interview and consider all qualified employees referred through the redeployment program. The Appointing Authority retains discretion to extend a job offer to the most qualified candidate, including those candidates who are not in the redeployment program. The Appointing Authority may choose to consider employees eligible for training under redeployment.

14.3.5 Redeployment Training Plans:

The Appointing Authority may select a redeployed employee who is within a year of meeting the minimum qualification standards and provide training. The employee will serve a training period equal to the experience needed to qualify for the classification. During the training period, the employee will be compensated at 10% below the classification's entry salary rate. After successful completion of the training period, the employee will be appointed to probationary status in the position and receive the entry level salary rate for the classification. Employees will retain their Recall rights to their former classification while in training, and shall be considered Recalled upon appointment to their new classification.

14.4 Layoff Appeals

- 1) Notice of Appeal: Any employee affected by a decision made under Section 14.2, except decisions made pursuant to Sections 14.2.8 and 14.2.10, may appeal that decision. Any appeal shall be in writing and made within ten (10) working days of the date the employee was notified of the decision being appealed. All appeals shall, at a minimum, set forth the decision being appealed, the basis of the disagreement with the decision, and the relief or remedy the employee is seeking.
- 2) Consideration of Appeals by the County Administrator: Any appeal of a decision authorized under 1) shall be submitted to the Chief Human Resources Officer. The Chief Human Resources Officer shall investigate the appeal and submit findings and a recommendation to the County Administrator. The County Administrator shall consider the appeal and, if practicable, provide a written response within ten (10) working days of receipt of the appeal.
- 3) Consideration of Appeals by the Civil Service Commission: Within ten (10) calendar days of receipt of the County Administrator's written decision, an employee may file a Notice of Appeal to the Civil Service Commission. The Notice of Appeal must be in writing and be delivered to the Chief Human Resources Officer as clerk of the Civil Service Commission. The Notice of Appeal must include the name, address and telephone number of the employee, specify the decision being appealed and the date of the decision, include the name and title of the decision maker, and the rule, policy or law alleged to have been violated and the reasons why. All appeals to the Civil Service Commission shall be filed in conformance with and heard pursuant to the provisions of the Washington County Civil Service Commission Rules of Procedure for Appeals.
